PROJECTS

Dohot · AI-Powered Mobile Platform for Field Technicians 2024 – 2025

[React Native](#) · [Expo](#) · [TypeScript](#) · [Node.js](#) · [PostgreSQL](#) · [Supabase](#) · [OpenAI](#)

- ▶ Built a mobile app for field technicians to generate reports, quotes, and PDFs on-site, **replacing paper workflows** and reducing admin time.
- ▶ Integrated **OpenAI** to generate and restructure reports from short prompts, **significantly reducing writing time** for non-technical users.
- ▶ Developed the full stack: forms, image capture, **PDF generation**, and Supabase-backed auth, storage, and role management.

DevMentorAI · AI Interview Simulation Platform 2024

[React](#) · [TypeScript](#) · [Node.js](#) · [Express](#) · [MongoDB](#) · [OpenAI](#)

- ▶ Built an AI interview simulator generating personalized coding and theory sessions for **realistic technical practice**.
- ▶ Designed a **scoring engine** delivering structured, **actionable feedback** and helping users identify gaps and improve faster.
- ▶ Added progress tracking with scores, history, and **measurable visibility** into improvement over time.

Smarketing · Marketing Automation SaaS for SMBs 2023 – 2024

[React](#) · [TypeScript](#) · [Node.js](#) · [Express](#) · [MongoDB](#) · [Google Ads API](#)

- ▶ Built a **multi-tenant SaaS** centralizing digital marketing for SMBs, **reducing manual campaign management** and giving owners one place to manage everything.
- ▶ Integrated the **Google Ads API** to automate campaign creation, audience targeting, and personalized landing pages.
- ▶ **Selected to present on Shark Tank Israel**, recognized for real-world product viability and **commercial potential**.
